AGENDA ITEM 6: INFORMATIONAL ITEM

A. New GRAD Act Measures, SULC

Chancellor Pitcher stated they are in the process of adding in new performance measures that will ensure future passage. He reported they were instructed to get together with LSU Law School to come up with performance measures that both schools could agree upon. Chancellor Pitcher stated Southern University Law School only had four measures in the student success proportion under the GRAD Act whereas other universities and colleges had six to seven. Chancellor Pitcher continued to report that the Board of Regents had already passed off on the additional two measures and the finalization will take place at the upcoming Board of Regents meeting.

Dr. Tarver inquired about the effective date for the criteria.

Mr. Hendricks asked what the two additional measures were.

Chancellor Pitcher reported total number of second and third year students enrolled in live clinical courses and the total number of student participants’ in the advocacy skills program.

Dr. Tarver clarified the year the criteria will be taking place.

Chancellor Pitcher stated they would have to produce information at the next grading period on this current academic year to see if they met the criteria.

Mr. Lawson questioned Dr. Mason if all campuses were coordinating measures.

Dr. Mason stated the law school is unique among the campuses and Shreveport, as a community college, has a different approach but everything feeds up into the system. He reported the system tries to find the synergy among the campuses, especially on the remediation plan that was submitted as a System to the Board of Regents. Dr. Mason stated the issues with who met the benchmark has to do with how the benchmarks were originally set. He further reported each of the campuses set different benchmarks and once set, it is very difficult to change them.

Mr. Lawson asked if the other campuses were including all the benchmarks that they could possibly include.

Mr. Urban Wiggins, SUBR, stated that SUBR benchmarks have not changed from the original document created and submitted to the Board of Regents.

Chancellor Ukpolo reported SUNO benchmarks are the same.

Chancellor Belton reported that the retention benchmark was improved upon and they added a benchmark the year before last at SUSLA.

Atty. Dinvaut asked Dr. Peoples to report on the approach or actual process taken to work on the GRAD Act a year in advance and what are the benchmarks.

Dr. Peoples, Executive Vice Chancellor at SUBR, stated they have worked for the last two years on the GRAD Act; it is a continuous process and they have never stop working on it. Dr. Peoples reported that they have benchmarks that were set very high about six to seven years ago and have to continue with those high benchmarks, but they continue to look at those areas. She stated they are looking at first and second year retention and what is being done to retain them. Dr. Peoples further reported they know the percentage of students they need to retain and are taking those students and looking at the numbers for them to pass. She stated that unfortunately, they have not been meeting those high standards that were set, but this is the first year not meeting those standards.

Dr. Peoples stated that it would take much more time for her to capture all of the processes within the short time she is trying. She stated they would like to have some time to do a presentation so the Board could understand what they are referring to. Dr. Peoples stated they have offered scholarships to try to get the students enrolled and they have been working with

student affairs. Dr. Peoples reported they have found that many of the problems students are having is with finances and when they do not have the finances, they leave.

Atty. Dinvaut inquired if there is an expectation that the benchmarks may change or would they have them for the next 2 years.

Dr. Peoples reported they have a Plan A and Plan B and they will be back at the Board of Regents to present their plans.

Atty. Dinvaut extended an opportunity to Dr. Peoples to present to the Board regarding the benchmarks and how they are addressed at the next meeting.

Atty. Dinvaut congratulated Chancellor Pitcher on collaborating with LSU Chancellor and asked that he elaborate on the other four benchmarks.

Chancellor Pitcher stated they failed based upon the benchmark regarding bar passage. He stated they have put in some information in the system remediation plan submitted by the System. He reported the Board of Regents’ staff advised them that the information in the appeal was sufficient enough to be included as their remediation plan and everything that they have done is to improve their bar passage. He further reported the other measures were passed without any problem.

Atty. Dinvaut congratulated Chancellor Ukpolo for their excellent work on passing the GRAD Act.

AGENDA ITEM 3: ADOPTION OF THE AGENDA

On motion of Mr. Braxton, seconded by Rev. Gant, the agenda was adopted as printed.

Motion carried unanimously.

AGENDA ITEM 4: PUBLIC COMMENTS

Dr. Thomas Miller, President of SUBR Faculty Senate, congratulated Rev. Tolbert for being elected President of the National Baptist Convention. He commented on the salaries for the administrators, their relation to the salaries paid to faculty, staff, instructors, and professors. He expressed his concerns with Action item 5A-15 and the process of arriving at the decision.
Albert Samuels, Vice President of Faculty Senate shared his concerns with the salary adjustments on action item 5A.

Sonya Hester, Associate Professor and Faculty Senate President at SUSLA, asked for the Board support on action item 5C. She reported faculty at SUSLA are under paid and are below the SREB Average.

Dr. Diola Bagayoko, SUBR Professor, stated that faculty members have to be considered seriously for pay adjustments and raises.

Anthony, Treasurer of SUBR Faculty Senate, stated if the Board wants to retain students then they must raise faculty pay.

Randy Brown, Physical Plant, expressed concerns regarding students’ education and faculty pay. He stated they put a lot into the university but do not get anything out.

**AGENDA ITEM 5: ACTION ITEMS**

Atty. Clayton question Chancellor McClinton on his awareness of the SACs complaint against the Board and some of the personnel action positions.

Chancellor McClinton clarified the purpose of the positions in question.

Dr. Tarver asked do they use benchmarks or a database in order to determine the relevance of each position to other positions in our region when they decide on figures.

Chancellor McClinton stated yes normally they do, in many cases use CUPA. He stated in this case these positions were already established; the dollar amount/salary had already been established.

Mrs. Smith strongly suggested that they do a feasibility study on salaries and positions.

Dr. Mason stated the first thing they are trying to do is figure out exactly what it would cost to get it done and would probably bring that back at the next meeting. He reported on case-by-case basis the Human Resources Office has to certify that the salaries recommended are within an accepted range.

Dr. Mason asked Lester Pourciau, to come to the microphone to explain what data they use on a case by case basis to determine the appropriateness of salaries.

Lester Pourciau, Vice President for Human Resources, reported they do not have a system; they are putting something together right now. He reported they have to put ranges so it is not exact science, it will never say a position’s exact dollar, a range would be given. Mr. Pourciau stated every job the President gives him, goes through the CUPA survey. There are 30 tables but they
only use the ones that are public institutions for the that pertains to our System’s budget and enrollment.

Dr. Mason explained the only salaries researched are the ones recommended for promotion or other changes. He stated that does not take care of the problem across the board.

A. Approval of Personnel Action on Positions greater than $60,000.

A motion by Rev. Gant to approve Personnel Action Positions greater than $60,000, seconded by Mr. Braxton.

Atty. Clayton asked for a roll call vote.

Mrs. Smith stated she is abstaining to all and the reason is not that she do not think they deserve the raise, but that some of them probably deserve more or less.

Clayton, the Personnel Affairs Committee approved and so recommends to the Board, leave of absence for Henry Efesa Mokosso, Southern University at New Orleans and sabbatical leave to Evelyn Wilson, Professors at the Southern University Law Center. Motion carried unanimously.

**C. Faculty and Staff Adjustments, SUSLA**

Chancellor Belton explained that the salary adjustment would be retroactive to July 1, 2014. He stated the adjustments starts with a four percent increase for civil service employees, three percent increase for unclassified employees, a three percent increase for faculty and an equity for faculty members that are significantly below the SREB average.

Atty. Clayton questioned if there are documents that show who is getting what.

Chancellor Belton stated adjustments would be going to all full time employees at Southern University Shreveport. He also referred Atty. Clayton to the schedule provided.

On motion of Rev. Gant, seconded by Mr. Braxton, the Personnel Affairs Committee approved and so recommends to the Board, Southern University Shreveport Faculty and Staff salary adjustments.
