Add Item 6C: REPORT ON GOVERNANCE COMMISSION ACTIONS

AGENDA ITEM 4: PUBLIC COMMENTS

Public comments in opposition to Item 5C were tendered by SUBR Faculty Representatives --Drs. Diola Bagayoko (Senator) and Sudhir Trivedi (President). A letter from SUBR faculty member, Alonzo Johnson opposing Item 5C, was also shared by Dr. Trivedi. The FS representatives advised the Board that the proposed Retrenchment and Reorganization Plan for SUBR had not been provided to the Faculty Senate in time to allow for adequate review and input by the faculty. The Board was asked to postpone action on the proposed plan at today’s meeting and to receive input from the Faculty and other interested parties via public hearings held by the Board.

In response to an inquiry by Board Member Lawson, the Board was advised by Chancellor Llorens of the SUBR Faculty Senate President’s membership on the University’s Retrenchment/Reorganization Committees.

Rev. Tolbert also indicated that he solicited from the Faculty Senate President the recommendations of the SUBR faculty on the proposed Plan. The President’s response was emailed to members of the Board.

Dr. Joseph Bouie, SUNO Faculty Senate President, noted that the Selective Admissions Policy mandated by the Board of Regents for Louisiana’s four-year public colleges and universities is directly attributable to the current low enrollment on the SU campuses. He recommended that the Board officially oppose the continued implementation of the Policy on the Southern University Campuses.

AGENDA ITEM 6: INFORMATIONAL ITEM

A. FINANCIAL STATUS REPORT, SU SYSTEM ENTITIES

Vice President Appleton provided an update on the financial status of the SU System budget entities, as of November 30, 2011. He noted that all entities are on track to end the concurrent fiscal year in the black; however, a mid-year reduction of $50 million is expected in state appropriations to higher education. The SU System’s share of that reduction is expected to be $2.9 million.

In response to an inquiry from Atty. Clayton, the Committee was advised that the Retrenchment and Reorganization Plan that is being recommended for Board approval does not reflect the impending mid-year cut to SUBR; and that, additional cost reductions will have to be implemented to ensure SUBR’s budget is balanced for the current fiscal year.

Atty. Forstall observed that an increase in student enrollment is the solution to the problem of the dwindling resources at SUBR. Atty. Forstall offered his financial support to assist SUBR in its student recruitment effort.

Mrs. Smith suggested that student recruitment should be a united effort among all University constituents.

Mr. Sumner concurred and suggested the coordination of a Board of Supervisors’ Recruitment Campaign. Board Chairman Mire appointed Mrs. Smith to lead that effort.

Other insight provided by Committee Members suggested the need for the following initiatives by the Administration –

- Establish thresholds that will ensure that crucial University programs and services are maintained
- Make an argument to the Governor and Legislature to lessen or eliminate budget cuts and thereby give the University an opportunity to grow.
- Increase fundraising activity on the part of Senior Executives in order to enhance private and governmental financial resources to the University
- Consider establishing accountability measures for University Recruiters to justify their continuing employment in those positions.

The Administration was directed to provide the following reports to the Board –

- Monthly updates on Student Recruitment Activities
- Quarterly updates on Research and Grants Funding
