GRAPHIC IDENTITY GUIDE

All products bearing Southern University trademarks and indicia must be purchased from companies licensed by the Southern University System (SUS).

There are over 100 companies officially licensed by the SUS through the Collegiate Licensing Company (CLC) to manufacture products bearing our marks and logos.

Southern University trademarks and indicia are comprised of verbiage, word marks, primary marks and secondary marks. These marks are controlled under a licensing program administered by the CLC. Any use of these marks will require written approval from the CLC.

Please refer to the Licensee link for a list of Local Licensees, Restricted Licensees and Standard Licensees.
