This fiscal year is pivotal to the future of the SU System. The “Reform and Renewal Agenda” as reflected in the Transformation Plans approved by the Board of Supervisors in June, charts a new, exciting path for Southern. When achieved, Southern will be a 21st Century institution of higher learning. In addition, initiatives to increase enrollment are underway. There is much work to be done in order to secure the future of Southern. Please plan to join SU System President Ronald Mason Jr. as he shares the Reform and Renewal Agenda -- the path to the future, built on traditions of the past.
