WITH A PURPOSE:

*When the Stakes are High,
Alignment is Everything*

August 2025

CHANCELLOR'S MESSAGE

As we begin the fall semester, I am deeply proud of the collaborative work that has gone into shaping our new strategic plan, *Reimagine SUSLA 2030*. Over the past several months, we have engaged in thoughtful planning and dialogue, including the Reimagine SUSLA Leadership Retreat, where campus leaders from every division contributed their perspectives to ensure the plan reflects a truly shared vision for the future.

This summer has been pivotal in refining our strategies and laying a strong foundation for the year ahead. A highlight was the 2025 SUSLA Faculty and Staff Strategic Plan Summit, which brought our entire campus community together in a unified commitment to our goals and to one another.

Reimagine SUSLA 2030 is guided by seven strategic priorities:

1. Fostering a climate of academic excellence
2. Increasing enrollment
3. Enhancing customer service and stewardship of place
4. Advancing a student-centered approach
5. Attracting and retaining qualified faculty and staff
6. Promoting a culture of institutional effectiveness
7. Improving infrastructure, facilities, finance, and resources

These priorities form a clear and focused blueprint for positioning SUSLA as a student-centered, community-focused, and future-ready institution.

As we welcome students back to campus, we do so with a renewed commitment to their success from the very first day. I look forward to working alongside each of you as we bring this plan to life, transforming vision into measurable progress.

Thank you for your continued dedication and support. Together, we will Reimagine SUSLA 2030 and create a stronger future for our students, our university, and the community we serve.

These accomplishments highlight SUSLA's ongoing commitment to providing high-quality education and preparing students for successful careers in healthcare and beyond!

CHAT WITH THE PRESIDENT!

Dr. Aubra J. Gantt, Chancellor of Southern University at Shreveport, welcomed Southern University System President Dennis Shields to campus for an inspiring “Chat with the President.” During the visit, President Shields shared personal stories about his life and his path to becoming System President, offering students valuable insights into leadership and perseverance.

Student leaders and Dental Hygiene students actively engaged in the conversation asking thoughtful questions, sharing testimonies about how their voices are being heard, and expressing why they chose SUSLA. Their reflections highlighted the passion, pride, and community spirit that continue to energize and strengthen the SUSLA campus.

SUSLA SUPPORTS PINE GROVE ELEMENTARY SCHOOL'S 2ND ANNUAL COMMUNITY COOKOUT

Dr. Aubra J. Gantt and the SUSLA family proudly donated drinks, snacks, and paper goods to Pine Grove Elementary School for their 2nd Annual School Community Cookout, a fun and nourishing event for the students and families of Pine Grove Elementary.

Kylie Cotton, Principal of Pine Grove Elementary, along with her dedicated team, visited SUSLA to pick up the donations, which were generously collected by our faculty and staff who supported this meaningful initiative.

We were thrilled to support one of our community's schools and contribute to creating a positive, impactful experience for the students and families.

Together, we're strengthening our community and fostering brighter futures!

SUSLA'S DIVISION OF ARTS, HUMANITIES, SOCIAL SCIENCES, AND EDUCATION SUPPORTS STUDENTS AT BACK TO SCHOOL NIGHT

Southern University at Shreveport's Division of Arts, Humanities, Social Sciences, and Education (AHSSE) recently partnered with Calvary Baptist Church to support its annual Back-to-School Night, an event designed to equip students and families for a successful start to the academic year.

Representing the division, Dr. Anjelica Hart and Mr. Fred Moss IV played a key role in the evening's activities. They provided mental health resources and wellness products tailored to students ranging from elementary school through college, ensuring that learners at every stage received tools to support their emotional health and resilience. Their efforts underscored the critical connection between mental health and academic achievement.

The Back-to-School Night drew families and community members from across Shreveport, highlighting the importance of collaboration between SUSLA and local partners in meeting the holistic needs of students. Through their presence and contributions, Dr. Hart and Mr. Moss helped extend SUSLA's impact beyond the classroom, reinforcing the university's mission of service, outreach, and student success.

This initiative reflects the AHSSE Division's—and SUSLA's—commitment to preparing students not only for academic growth but also for personal well-being, ensuring they are equipped to thrive in the year ahead.

The leaders discussed various ways to strengthen the relationship between Green Oaks and SUSLA, emphasizing collaborative efforts to benefit students and the community. Dr. Gantt also reiterated her willingness to assist in any way needed to ensure the success and growth of Green Oaks Academy.

This visit exemplifies SUSLA's dedication to community engagement and fostering impactful partnerships that support educational excellence across the region.

Human Resources Retreat Aligns Strategies Across the Southern University System

On August 7th and 8th, the Human Resource Department from the Southern University System participated in a two-day system-wide Human Resources retreat. The event offered a structured environment focused on enhancing human resource strategies and aligning them closely with the university system's strategic priorities.

Throughout the retreat, human resource professionals worked to strengthen systemwide policies and compliance practices, while also building capacity in key areas such as talent management, employee engagement, and institutional transformation. The goal was to create a unified vision for human resource service excellence and operational consistency across all campuses.

The digital agenda included a series of workshops, facilitated planning sessions, and peer-led discussions designed to foster collaboration, innovation, and strategic growth. This retreat marks a crucial step towards advancing human resource initiatives that support the system's mission and future success.
