

# The Louisiana Department of Health

Office of Community Partnerships and Health Equity

## COVID-19 VACCINATION Information Guide

### The Facts

**The best ways to protect yourself & your family from COVID-19:**

- o Mask up
- o Stay 6 feet apart from anyone not living in your home
- o Wash your hands
- o Receive authorized COVID-19 Vaccinations

### The Role of the Divine Nine During the Pandemic

- o Sororities and Fraternities have historically been influential to African American communities
- o Community Service is a foundational component of fraternities and sororities, [join Louisiana's #SleevesUp campaign](#) to assist with outreach to underserved communities in your local area with your chapter
  - o As community gatekeepers, many Divine Nine sorority and fraternity members can play significant roles in helping to increase COVID-19 awareness; thus, aiding reductions in vaccine hesitancy

### COVID-19 Information Sharing

- o Do not mix rumors and myths with factual information
- o If you are looking at COVID-19 information from social media (Facebook, Instagram, Twitter, etc.), only visit sites that fact-check and verify their information
- o Share information from trusted sources such as the Centers for Disease Control & Prevention, the World Health Organization, and the Louisiana Department of Health
